

recombinant monoclonal antibody

Anti-SARS-CoV-2 N Protein antibody(12H1)

Cat.No YA-00037

Product description

Species	Chicken
Purity	>90% as determined by SDS-PAGE and Coomassie brilliant blue staining
Amount (concentration)	100ug(1mg/ml)
Form	mini-body
Source	293F cells
Composition	Chicken scFv + Human IgG Fc
Application	ELISA (2ug/ml)

Product constituents and Storage

Storage buffer	phosphate buffered saline, pH 7.4
Physical appearance	Liquid
Storage instructions	This antibody although stable at 4°C for 1 months, should be stored desiccated below -20°C. For long term storage it is recommended to store at -80°C.

Please prevent freeze-thaw cycles

Replacement or refund for products not performing as stated on the datasheet

Valid for 3 months from date of delivery

Laboratory research use only
